Tests, Codes, and Qualifying Scores for Ohio Educator Licensure

Introduction

The implementation of educator testing in Ohio is in response to standards adopted by the State Board of Education (see Ohio Administrative Code). The State Board of Education has selected Educational Testing Service (ETS) and the American Council on the Teaching of Foreign Languages (ACTFL) to provide the licensure examinations for Ohio. Successful completion of required tests is designed to ensure that candidates for licensure have acquired the minimal knowledge necessary for entry-level positions.

The Praxis II tests are not designed to predict performance on the job nor can passing the licensure examination(s) guarantee good teaching. The tests are built to represent knowledge and skills imparted in educator preparation programs in the United States. Each test was verified for its relationship to the knowledge required by Ohio educators.

New licensure examinations provided by ACTFL required of all foreign language candidates. These examinations provide a comprehensive system of assessing and ensuring the spoken and written language proficiency of candidates for licensure to teach world languages.

Passage of the prescribed test(s) is only one requirement for educator licensure in Ohio. Contact an Ohio College or University approved to offer educator preparation programs for more detailed information on additional requirements.

Who must take the educator licensure tests?

Applicants for educator licensure who meet any of the following criteria are required to successfully complete applicable licensure examinations:

☐ Began college coursework AFTER July 1, 1987,

OR

☐ Began coursework PRIOR to July 1, 1987, but did not complete licensure requirements until AFTER July 1, 1991,

OR

☐ Adding an area (e.g., endorsement) to an existing license or seeking a new or additional license.

In general, the ODE requires only **ONE** PLT test be taken in an educator's career. However, new content or licensure areas require additional Praxis II subject assessment testing to establish minimum competency in that subject area. Any applicant interested in specific test requirements of an educator preparation program **MUST** contact the school, college, or department of education of an approved institution. Any person holding licensure in another state and interested in obtaining Ohio licensure should contact the Ohio Department of Education (ODE), Center for the Teaching Profession, Office of Educator Licensure, 25 S. Front Street, MS 105, Columbus, Ohio 43215-4183, (614) 466-3593.

What tests are required?

- ☐ **Praxis I** tests are required by some Ohio colleges and universities as program entry requirements. The institutions set their own test qualifying scores for Praxis I tests.
- ☐ **Praxis II** tests consist of Principles of Learning and Teaching (PLT) and Subject Assessment tests (e.g., content tests). Refer to the following chart for Praxis II requirements for each area of licensure.
- ☐ **Tests in World Languages provided by ACTFL.** The required tests are the Oral Proficiency Interview (OPI) and the Writing Proficiency Test (WPT). Refer to the following chart for required languages assessments.

What are the registration procedures?

- ☐ Registration for Praxis II tests is processed through *Educational Testing Service*, NOT the Ohio Department of Education. Registration materials are included in the on-line Praxis Series Registration Bulletin available at: www.ets.org/Praxis.
- ☐ Registration for ACTFL tests is available on the ACTFL website, www.languageTesting.com. Registrants have a choice of applying online or of downloading the application and submitting it via fax or ground mail.

When and where are the tests administered?

- ☐ Praxis II tests are offered at seven regularly scheduled administration dates annually. Sites are geographically situated throughout Ohio and the United States. Consult the Praxis Series Registration Bulletin or the Educational Testing Service website for specific dates and test sites.

ETS – The Praxis Series P.O. Box 6051 Princeton, NJ 08541-6051	Telephone Numbers: (609) 771-7395 (800) 772-9476 Email: praxis@ets.org Online: www.ets.org/praxis
--	---

- ☐ ACTFL languages tests are administered at a date and time agreed upon between the examinee and ACTFL. The specifics are available on the ACTFL website, www.languageTesting.com

Where should score reports be reported?

- ☐ **Praxis II tests:**
 - Out-of-state applicants are responsible for authorizing Educational Testing Service to release the test results to the Ohio Department of Education (**recipient number R 7945**).

<http://www.ode.state.oh.us> (Search Keyword: Educator Licensure)

- In-state applicants are responsible for authorizing ETS to release the test to the college or university where the applicant is enrolled.

❑ ACTFL tests:

- Examinees will receive an email confirmation of the test date/time as well as an ID and password. The ID and password will permit the examinee to check the status of the test(s) as well as receive the final rating online. A certificate may be printed once the final rating is posted. The ACTFL Proficiency Certificate(s) must be included with credentials when applying for licensure.
- If you have previously completed the ACTFL OPI and/or WPI in another state, or in Ohio prior to February 2009 and you would like that rating to apply to your licensure application, you will need to arrange for your test results to be electronically reported to the Ohio Department of Education. In order to do this, please send an email to: processing@languagetesting.com and specify that you need a Request for an Official Certificate form, which can then be sent to you via email, fax or mail. The request for a certified copy will be an additional \$10.00, and payment should be included when you send in the form.

May a candidate retake failed tests?

- ❑** Yes, a candidate for licensure may retake any or all required Praxis II and ACTFL tests. Access the Praxis II and ACTFL websites for particulars regarding the retest policies of each test provider.

How may a candidate qualify for extra time or considerations?

- ❑** All determinations for extra time or special needs are determined by test providers. For Praxis test accommodations see the ETS website:
www.ets.org/praxis

For ACTFL test accommodations policy see the ACTFL website:
www.languagetesting.com
